Before Change

- Overview**
- Transfer from Molex Gwangju plant in Korea to Ansan plant in Korea due to Gwangju plant closure. Molex has decided to consolidate its Ansan and Gwangju Plants into a single integrated site in Ansan Plant.
 - All operations in Gwangju plant will be transferred to the Ansan plant by August 2021.
 - This change is applied the products which are produced in Gwangju plant of Molex Korea only.
 - PO is shifted to Ansan plant from Gwangju plant as current stock is consumed so items will be supply to the customers continuously.
- Product Impact**
- “no impact to fit, form or function”
- Part Number Impact**
- Please refer attached impacted part list.
- Qualification Reports and samples available upon request after the date shown above.
 - Implementation date may be updated due to customer demand and production condition.

After Change

- After : Production at Ansan plant in Korea**
- Ansan plant of Molex Korea, which has had operations in Korea since 1984, will make Ansan a technology-intensive global production base that will focus on high-value-added products going forward.
 - ISO 9001:2015, IATF 16949:2016, ISO 14001:2015, ISO 45001:2018, ISO 27001, UL, CSA.
 - Production lines in Gwangju plant : Molding and Assembly process.
 - Production lines in Ansan plant : Stamping, Plating, Molding and Assembly process. And Ansan plant has Design Center, Global sales, Laboratory and all support functions.
