Sample Availability Date (Changed Part)	September 09, 2021		
Planned Implementation Date	September 30, 2021		
Method of Identifying Change	Date code		

RELEASED

## Before Change

### Overview

- This change is to ensure continuity of supply for customers, Molex is adding a second source for the resin for our Mini-Fit Sr plug and receptacle housings. The new resin option is a PBT, same as the existing resin.

Supplier Material	Country of Origin	Resin Part number	Raw Material	Molex Product
Current	Celanese Florence	899920073	PBT POLYESTER BLACK UL94V-0	42818 series
Alternative	Celanese Nanjing Celanese Evansville	899920073	PBT POLYESTER BLACK UL94V-0	42818 series

- Due to these supply constraints, Molex identified an internal shortage of resin supply which would create a challenge to fulfill all orders. Therefore, we identified an alternative sourcing for the product families listed above. After applying of this change, Molex product listed above will be manufactured by one of them – the current supplier's material or the alternative supplier's one by the resin material supply situation.
- We apologize for the inconvenience, but in view of the urgency of this matter, if there is no particular reply to the change notified by this PCN, it will be considered that the change have been approved and will be implemented with the above Planned implementation date.

## After Change

### Overview

- Celanese is added Celanese Evansville and Celanese Nanjing as additional manufacturing plant for 899920073 which originally produced by Celanese Florence. The reason to add these 2 new manufacturing location is due to PBT material shortage and capacity constraint at Celanese Florence.
- Molex Malaysia Part Number(s) Affected: Refer below impacted parts list
- Product Impact
- No impact to form, fit and function
- All changes on current and new facility are within/according Celanese test method. Sample can be provided upon request..
- Qualification Reports and samples available upon request
