Product Change Notification

Title: PCN #2022001 TDK-Lambda Americas Inc. addition of product manufacturing location

CUS600M Power Supply Series adding Kuantan, Malaysia Production site

Please be informed that TDK-Lambda's Kuantan Malaysia production site will be added for selected models of the CUS600M series of power supplies, currently being manufactured in China, starting January 2022. Both the China and Malaysia facilities will be utilized for production of the models listed below.

Models being transferred to MYS
CUS600M-12
CUS600M-12/ADJ
CUS600M-12/EF
CUS600M-19
CUS600M-24
CUS600M-24/ADJ
CUS600M-24/EF
CUS600M-36
CUS600M-48
CUS600M-48/EF

Additional models will be considered for transition to the Malaysia facility, based on customer requests, material availability and forecasted demand. Please discuss this with your Sales Representative or Regional Sales Manager.

There is no change to product form, fit or function and safety certification is not affected.

We assure you that the quality will remain the same with our QC and QA system in place, including ISO 13485 factory certification.

For any other questions concerning this notification, contact your local sales office or TDK-Lambda Americas Inc. customer service.

Tom Tillman
Director of Marketing
