PRODUCT DATA SHEET

Product	Heavy Duty Spray Adhesive
Type	A long-lasting, multi-purpose spray adhesive designed to produce a high strength bond between a wide variety of materials.
Intended Use	Suitable for bonding carpets, fabrics, foam, rubber, laminates, plastics, metals, concrete and wood to most surfaces. Ideal for securing underfelts, foam-backed carpets or carpet tiles.
Special Features	A powerful all-purpose adhesion supplied in a convenient aerosol. Easy to use. Requires no mixing or extensive preparation before use. May be used to dust-seal concrete floors or over asbestos before removal.
Preparation	Surfaces to be bonded must be clean, dry and free from contamination.
Application	Spray the adhesive in a uniform coating from a distance of approximately 25 cm, (10 inches). For any applications on porous materials, or for maximum adhesive strength, coat both surfaces. Allow 1 – 2 minutes for solvent to evaporate then press surfaces together firmly working from the centre outwards to achieve a good bond.
Coats	One coat should be sufficient
Drying Time	2 – 5 minutes.
Re-coating Time	N/A
Application Temp.	For best results use between 15 – 25 degrees Centigrade.
Coverage	N/A
Maintenance	N/A
Compatibility	Compatible with most carpets, fabrics, foam, rubber, laminates, plastics, metals, concrete and wood. Not suitable for use on plasticised PVC.
Settlement	Shake can well before use.
Shelf-life/Storage	Minimum 1 year if stored between 10 – 20 degrees Centigrade in a dark, dry place.
Hazards	Extremely flammable. Irritating to eyes. May cause drowsiness. Keep out of reach of children. Keep container tightly closed. Keep away from all sources of ignition - no smoking. A full Health & Safety Data Sheet is available upon request or from www.rustins.co.uk
Clean-Up	Any excess adhesive may be removed with solvent cleaner.
