

# BNC Loaded 1U Slim Panels **multicomp**PRO

RoHS  
Compliant

## Description

The 1U panels have 16 × 24mm holes to accept feedthrough and other XLR-format connectors with options of threaded M3x0.50 or #4-40 UNC mounting bushes. A connector labelling strip is located on the front and a cable strain-relief bar is fitted at the rear.

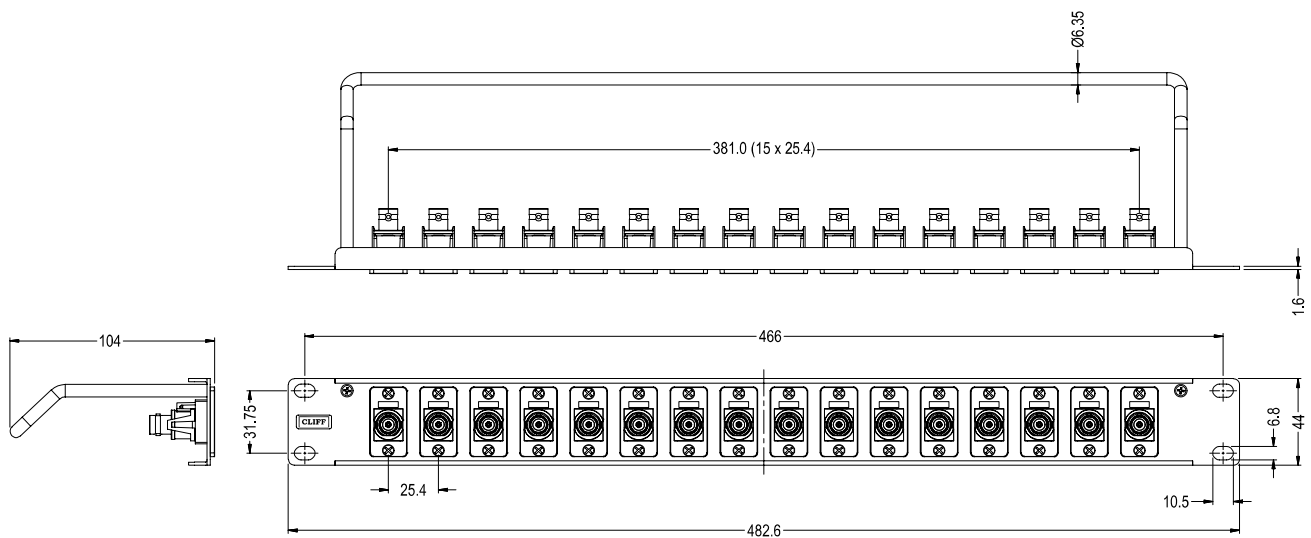

Applications include broadcast and AV patch panels, MIL, medical, control and instrumentation signal input/output panels etc. The 1U assemblies can be factory loaded with the specific connectors required by the system designer including BNC, single or dual USB or RJ45 with internal cable harnesses available as a special order. These pre-assembled panels simplify system assembly, reduce manufacturing time, component count and cost.

The feedthrough connector range allows designers to integrate audio, video, digital, optical, networking and data feeds into professional equipment for broadcast, lighting, audio, and industrial applications.

1U Panel Loaded with 16 Narrow BNC Feedthrough Connectors

- MP008999** 1U panel loaded with 16 × SLIM, black, metal, 50Ω, BNC, feedthrough connectors
- MP009000** 1U panel loaded with 16 × SLIM, black, metal, 75Ω, BNC, feedthrough connectors

# BNC Loaded 1U Slim Panels **multicomp** PRO

1U Panel Loaded with 20 Narrow BNC Feedthrough Connectors

- MP009001** 1U panel loaded with 20 × SLIM, black, metal, 50Ω, BNC, feedthrough connectors
- MP009002** 1U panel loaded with 20 × SLIM, black, metal, 75Ω, BNC, feedthrough connectors

Dimensions : Millimetres

## Part Number Table

Description	Part Number
BNC Loaded 1U Slim Panel, 16 Ports, 50Ω, Steel, Black, M3 Mounting Holes	MP008999
BNC Loaded 1U Slim Panel, 16 Ports, 75Ω, Steel, Black, M3 Mounting Holes	MP009000
BNC Loaded 1U Slim Panel, 20 Ports, 50Ω, Steel, Black, M3 Mounting Holes	MP009001
BNC Loaded 1U Slim Panel, 20 Ports, 75Ω, Steel, Black, M3 Mounting Holes	MP009002
