After Change

Overview

- Molex as the rest of the world is suffering metals unavailability and long lead time when available. Main causes are materials shortages due to a combination of factors (Pandemic, Flood, Market trend, capacity issues, ...)
- Being proactive and save customers from unavoidable line-downs, Molex is putting in place a plan to add metal additional suppliers, on Alloy C260 used on Headers listed in the impact analysis list
- **Product Impact**
 - "no impact to fit, form, function".
- **Part Number Impact**
 - see attached impacted parts list only for Molex Chengdu
- **Planned Implementation date.**
 - Being first line down risk foreseen for April, 2022, Molex will be obliged to start using the additional supplier starting no later than March 31th , 2022.
