

END OF LIFE NOTICE

- Product Category** : Programmable Logic Controllers.
- Issue Date** : 16 - MAR - 2022
- Effective Date** : 16 - MAR - 2022
- LTB Date** : N/A (Once Stock is exhausted)
- LTD Date** : N/A (Once Stock is exhausted)
- Reason For Change** : we always continue producing older products as long as technically possible. But unfortunately, we are once again faced with the unavailability of essential parts that make up the original Ethernet I/O. Although limited inventory is still available, SNAP-B3000-ENET will become obsolete once current stock is depleted. The SNAP-PAC-R1-B provides communication options including 10/100 Mbps Ethernet, PPP over a modem connection, Modbus/TCP, OPC, SNMP, and SMTP, and adds the capability of a RESTful API.
- Change to Form Fit Function** : There is no change to Form, Fit or Function.
- Part Affected** : Below are the list of part which are affected
With replacement.
