Overview

- The demand for Modular Jack are growing, the current capacity for the housing molder with 8cavities are not enough to support the demand. Need expand the molder to 16cavities by adding the inserts to support the demand. it will not impact customer assembly and product functional, fit and forming. and will conduct the internal qualification and running change to implement into production
- no impact to fit, form or function
- Part Number Impact: "see attached impacted parts list"
- Qualification Reports and samples available upon request after the date shown above

RELEASED
