| Description and purpose of change: <p>To increase the production capability, Würth Elektronik will change the core supplier of the WE-GFH series. All products with date code 2022-03-21 or later will be affected by this change. There will be no change in form, fit, function, quality or reliability of the product.</p> | |
| Detail of Change: <p>The new core is similar compared to the core before the change. Depending on the application, there can be a change in the electrical behavior. The electrical and mechanical parameters in the datasheet are not effected.</p> | |
| Reliability / Qualification Summary: <p>Product approval is according to the specification criteria and is internally released by the Product Management Department.</p> <p>The following items are part of the internal release process:</p> <ul style="list-style-type: none"> - Visual Appearance - Mechanical Parameters (according as specified in the Datasheet) - Five Time Reflow (according J-STD-020D) - High Temp. Exposure (according MIL-STD-202 Method 108) - Thermal Shock (according MIL-STD-202 Method 107) - Vibration (according MIL-STD-202 Method 204) | |
