

03-Aug-2022

PCN #: P-22-023146

Subject : Contact Socket Size 20

Description of Change : TE Connectivity is adding a new zone anneal equipment dedicated to contact TCPN 6161-226-2001 that would improve the annealing of the wire barrel and reduce variation during the process. This equipment has been validated and we ensure the quality of our product would not be affected in any way by this change.

Reason : Product improvement. This change is to improve our annealing process to reduce variation and to ensure the best quality for our customers

Key Dates :

Contact By Date: 01-Nov-2022

Implementation Date: 01-Nov-2022
