

PART NUMBER CHANGE NOTIFICATION

TO: Distribution Partners
DATE: August 2022
SUBJECT: Fan Tray Part Number Changes
EFFECTIVE: September 1, 2022, Running Change as new inventory is produced.
PRODUCTS AFFECTED: See appendix for complete list

DISCUSSION:

With the addition of our EC Fan Tray offering, we have determined it necessary to adjust our part numbers for our Fan Tray products to establish a consistent part number system to aid in product selection and identification.

We have released a part number changes guide to quickly identify the old part numbers alongside the new part numbers. Orion will contact customers when orders are received with the old part numbers so that those orders can be revised and corrected.

This is strictly a part number revision, and no product specifications are being changed on the fan tray units.

We appreciate your understanding and urge you to reach out to a member of our team if you have any questions about this change.
