

24-Aug-2022

PCN #: P-22-023259

Subject : Automotive Relays - This PCN affects only TE Brazil customers

Description of Change : Packaging improvements and parts quantity standardization per box. Following Part Numbers will have improved packaging and standardized quantities of parts per package. The TE PNs will be updated and we will cross-reference the customers' PNs.

Reason : Document clarification. Dear Customer, as a result of our continuous strive for improving our processes and ergonomics of our customers, we hereby inform you about packaging improvements and parts quantity standardization per box. The packaging improvements and parts quantity standardization per box procedure, which guarantees no negative influence on quality, ability to supply and form-fit-function of the concerned products.

The new TE quantities and Part Numbers will be send by TE Sales contact. An internal release based on our specifications will be executed before any parts will be delivered, which guarantees the performance. If you require a PPAP, please notify the responsible TE Sales contact as soon as possible after receipt of this PCN.
