PCN #: PCN-22-151719

Subject : TAB Housings Heavy Duty Sealed Connector Series

Description of Change : The Industrial and Commercial Transportation business unit of TE Connectivity is adding new manual assembly line for TAB Housings Heavy Duty Sealed Connector Series for the part number(s) listed below. These PNs are TE proprietary designs, therefore considered catalog/general market product. PPAP and/or sample requests must be submitted within 14 days of PCN submission via ict-ppap-request@te.com or ePPAP system. Submission will not occur without request. If PPAP requested, disposition response is required within 14 days of submit date or it will be considered approved. Product drawing(s) are not affected.

Reason : Dear Customer, we hereby inform you of this change. The new manual assembly line is necessary to ensure assembly capacity. The added line does not impact connector performance. **IMPORTANT:** No fit, form or function change. Parts off the new line are identical to current production. Shipments from current and new line configurations may be mixed.
