Details of this change

The design of the clip-bond as well as the mold compound material of 60V Trench Schottky rectifiers in SOD128 is changed.

Current status: current clip-bond design, current mold compound
New status: new clip-bond design, new mold compound

Please refer to the Self Qualification Report for details and list of affected product types.

Why do we implement this change?

The changes will be implemented to standardize manufacturing materials.

Identification of affected products

Changed products can be identified by date code after implementation.

Product availability

Production

Planned first shipment: 01 Feb 2023

Existing inventory will be shipped until depleted

Sample information

Samples are available upon request

Impact

No impact to the product's functionality anticipated

Data sheet revision

No impact to existing datasheet

Feedback

Your acknowledgement of this change, conform JEDEC J-STD-046, is expected till 06 Nov 2022. Lack of acknowledgement of the PCN constitutes acceptance of the change.
