3M™ Scotch-Weld™ EPX Manual Applicator, 200 mL/400 mL, Metal,
1/Case

Part: EPX APPLICATOR

3M ID 62914899307

Details:

3M™ Scotch-Weld™ EPX™ Manual Applicators are used to dispense two-component 3M™ Scotch-Weld™ Structural Adhesives packaged in Duo-Pak (DP) cartridges. There are a variety of applicators available to match the needs of your manufacturing process

3M™ Scotch Weld™ EPX™ Plus II Applicator is a low cost portable, self contained metering, mixing and dispensing machine that simultaneously meters and mixes two part adhesives as the material is applied.

- Dispenses two-component 3M™ Scotch-Weld™ Structural Adhesives
- Offers take-it-to-the-job convenience without the need for air hoses or electrical cords
- Ensures correct mix ratio during dispensing; no need to weigh components
- Minimizes waste and mess associated with hand mixing

Specifications
