Life Energy Motion

we confirm you that LEM is now producing the model **HAIS 200-P** according to the change explained hereafter and from the date code **822116**.

Explanation on the date code:

- ❑ “8” means the production center, here LEM in Sofia (Bulgaria)
- ❑ “22” means the year of the production, here the year 2022
- ❑ “116” means the day of the production, here the 116th day of the year 2022 (26th April 2022)

Change:

➤ ***Description of the technical change:***

Second source plastic raw material for case, cover & primary busbars clamps (holders). This second source plastic raw material is an extension of the current used plastic raw material, based on the same current plastic raw material with same characteristics, performances between the current and coming alternative with just a small difference between both on the color which is a little bit lighter or darker.

Both are coming from our current supplier.

➤ ***Reason of the technical change:***

Securing the supplying with second sources. Delivery shortage risk

Life Energy Motion

Impact on the product:

- On the form: NO
- On the fit: NO
- On the function: NO
- On the reliability: NO
- On the data sheet: NO
- On the process: NO
- On the quality: NO

Schedule of the modification:

Start of delivery of modified product	H AIS 200-P: from date code 822116 (26th April 2022)
