## Product/Process Change Notification <Marking Flexibility of Power Box series>

Date:20221118	ID Number : PCN-221118-KB
Affected Products	Series C4AS, C4AT, C4BS, C4BT, C4BH, C4AE
Change	<p>KEMET plan to extend the marking option of above series.</p> <p>The both markings (actual and alternative) will be used in running production.</p> <p>This alternative marking will be achieved without any change in the information contained in the actual marking.</p> <p>The alternative marking has slight change in the layout. The content will be printed in three rows, which it does not affect the content of the information of the current marking. (see example below).</p> <p>This change will be achieved without impact to product form, fit or function, as the products are equivalent with respect to physical, mechanical, quality and reliability characteristics.</p> <div style="display: flex; justify-content: space-around; align-items: center;"> <div style="text-align: center;">  <p><b>Actual side marking</b></p> </div> <div style="text-align: center;">  <p><b>Alternative side marking</b></p> </div> </div>
Justification and Benefits	Increase of the production flexibility
Effective Date and Identification	<p>First shipments shall take place on December 18<sup>th</sup> 2022.</p> <p>Without acknowledgement of this amendment notification by December 17<sup>th</sup> 2022 KEMET will proceed to implement the change as described herein.</p> <p>No specific identification will be stated on the label because no changes will be operated on the product with the exception of marking art.</p>
