

XLamp® LED Product Change Notification

Customer Name: XLamp LED Customers

PCN Reference Number: PCN-06003

Date Issued: January 2, 2023

Please be advised that Cree LED is updating the below stated XLamp® LED product family data sheets. There is no change to the performance of the LEDs stated below and the changes reflected in this PCN are for updating the data sheets with latest standards and images. These data sheet updates are estimated to be reflected on individual data sheets by the end of February, 2023. This is a courtesy PCN.

Please review the additional PCN information below.

Affected Product

Table 1 provides a list of products affected by this change:

Description of the Change

Cree LED is updating the stated thermal resistance value in the data sheet for the below products. These thermal resistance measurements were performed per the JEDEC JESD51-14 standard. For additional information please review the Thermal Resistance Method application note found at the [Cree LED website](#).

Table 2 Product Characteristic – Thermal Resistance

Cree LED Part Number (x=wildcard character)	Thermal Resistance (°C/W)	T	Cree LED Part Number (x=wildcard character)	Thermal Resistance (°C/W)
XBHAWT-xx-xxxx-xxxxxxxxxx	3.5		XPEAAM-xxxx-xxxxxx	7.5

Cree LED is also updating images within the data sheets. These images include mechanical drawings, tape drawings, reel drawings, box drawings, and product images. Updates on images are visual only and do not reflect a change to the final product unless otherwise notified.

Reason for the Change

These changes are to reflect the most up to date information for products. Thermal resistance values are to align all stated product values to the JEDEC JESD51-14 standard.

Change Impact on Form, Fit, Function, or Reliability

The stated changes have no impact on the form, fit, function, or reliability of these LEDs beyond those listed above.

Key Dates

Table 3 provides estimated dates for key PCN Milestones based on information available at the date the PCN was issued. Any updates to these dates can be provided by the Cree LED contact listed in Table 4.
