

SKU PR100274 is absolute. Please discontinue the product on your web.

Also obsolete are:

<https://de.farnell.com/kunbus/pr100257/base-module-revpi-core-3/dp/3793923?ost=pr100257> and the red marked below products.

The green marked products below should be ordered and stocked as these are our NPI's.

The green marked products are high sellers and I am wondering why Farnell is not able to sell them.

@Wade, Simon (Premier Farnell) Did you set up the content and SKU's for the green marked products?
