Compact portable printer
## Ap1310 series
With extra paper/label roll capacity

®

Design registered

Unique SINGLE-handed easy paper-load system
No other printer is easier!

Typical applications include:

POS
Healthcare
Retail
Leisure Hospitality
Data Logging
In-vehicle

POWERFUL YET COMPACT

- 38 meters of print per paper/label roll reducing paper changes and minimising maintenance for operational efficiencies

- Bluetooth® compatible for flexible use with all smart phones and tablets for a truly connected business

- Utilising a high speed and high quality fixed head thermal mechanism with superb quality text and graphics

- Linerless labels save precious time & reduce waste

- Intelligent battery management for optimal efficiency

- Robust yet compact design with the flexibility for both portable printing and wall mounting

Compact portable printer
Ap1310 series
With extra paper/label roll capacity

Specification	Ap1310	Ap1310BT
Data Input	RS-232 Serial (RJ12 connector)	RS-232 Serial (RJ12 connector)
Wireless Data Input	N/A	Bluetooth V2.1 (Profiles: LM, L2CAP, RFCOMM, SDP, TCS, SSP and IAP. OPP optional)
Print Method	Fujitsu fixed head thermal mechanism	
Print Speed	60 mm/s (at 7.2V battery voltage); 50mm/s (typical)	
Paper Specification	Paper Roll Width: 57.0 ± 0.5mm. Max roll diameter: 55mm (typical length 37.7m). Paper roll A05856TPR1	
Print Width	48 mm	
Dots Per Line (Graphics)	384	
Dot Spacing	8 dots/mm (vertical and horizontal)	
Sensors	Paper Out (Opto reflective) and Head Up (Mechanical)	
Data Buffer	20 Kb	
Baud Rate	Up to 57,600 (9600 Default)	
Character Set	CP1252 and CP437 supplied as standard. Range of popular Code Pages available with up to 6 resident simultaneously (See note 1)	
Number Of Columns	12, 16, 21, 24, 42, 32 (Default). (See note 1)	
Font (Dots)	7 x 24, 10 x 24 (Default). (See note 1)	
Dimensions	65 x 95 x 128 mm (H x W x L)	
Weight	446g (including battery and full roll of paper)	
Power Supply Options	As standard the Ap1310 range is supplied with a shrink-wrapped re-chargeable battery pack (5 cell 6V NiMH), together with an adapter to allow the use of primary cells. Note that chargers and data or power cables need to be ordered separately (see below) or as part of a complete kit. Power supply options include: • BC1300: Universal i/p trickle charger • BC1300CLAHL: 12V/24V vehicle trickle charger	
Accessories	• Ap1300BR01: Combined wall mounting bracket and belt clip • Ap1300D9: D9 to RJ12 data cable (with jack socket for alternative charging) • Ap1300BP01: Spare NiMH battery pack	
Connectivity	Drivers available for Windows & Linux. Android & IOS demo apps and SDK also available. Download from www.able-systems.com	
Temperature Range (Operating)	0 - 50°C	
Reliability - MCBF	10^8 print pulses or 50kms. >13 million print lines (Approx. 3,500 paper rolls).	

Note 1: The proprietary Font Editor Utility software (order code Ap800FEU) enables customisation of character fonts by the user.

Kits

All items available individually or as part of the below kits:
