

19" Wall Mount Pivoting Rack Cabinet 21U

Item # DWR-2117PD

Description

When floor space is limited choose Middle Atlantic's Wall Mount Enclosure System. Featuring the exclusive tool-free Quick-Mount™ system, one person can easily install the center section to the backpan at the jobsite. The swing direction of the center section can easily be reversed for a custom fit for each application. Each cabinet features a lockable Plexi front door that is keyed differently than the main cabinet section for security. Built with 11-gauge 10-32 threaded rack rail and a welded shell, this cabinet can handle up to 300 lbs of equipment. Numerous laser knockouts allow cables to be properly routed for each jobsite.

Features

- Up to 300 lbs of equipment storage capacity
- 11-gauge 10-32 threaded rack rail for secure mounting of heavy equipment
- Lockable Plexi front door for securing valuable equipment
- Numerous laser knockouts for cable routing
- Wall Mountable Pivoting Rack Enclosure for network equipment and patch panels

Application

- Data Centers
- LAN aggregation
- IDF installations
- Network Infrastructure
