Back and Front Cover

The fold-over case keeps both sides of your device protected from the outside, while the soft inner lining protects your screen on the inside. The elastic closing strap makes sure your tablet stays firmly in place.

A Firm Stand

The Primo folio also doubles as a stand; simply fold the case to get the right viewing angle for watching a movie or browsing web pages.

Eco-Friendly Design

Made with recycled materials, this case does a great job at not only protecting your tablet, but also the environment. As many as 6.5 PET bottles have been recycled to make this folio case.
