

08-Feb-2023

PCN #: P-23-023988

Subject : PPQ and MOQ change for process optimization

Description of Change : For process optimization we will change the PPQ/MOQ from 500 to 440 pieces (and not 450 as mentioned in PCN P-23-023916) in the same corrugated box. This is because we will use an automatic packing line which closes the corrugated box instead of a manual operation to close the corrugated box.

Reason : Product improvement. As a result of our continuous strive for improving the quality of our processes, we hereby inform you about the change of the packaging. The change will have no negative influence on quality, ability to supply and form-fit- of the concerned products.

Key Dates :

Contact By Date: 10-Feb-2023

Implementation Date: 10-Feb-2023

Product Affected	Alias Part Number	Substitute Part Number	AliasSub Part Number
929504-7			

The dates on the product change notification (PCN) are best estimate dates determined at the time of issuance. Actual implementation dates may vary from such dates.

The change described in the PCN can be withdrawn, without notice, for any or all of the products identified on the PCN.

TE Connectivity corporate policy is for PCNs to be valid for 60 days and obsolescence notices to be valid for 180 days after date of issue.

For confirmation or additional information on the change, please contact the TE Connectivity Product Information Center at 800-522-6752 or your TE Connectivity Sales Representative.
