

Title of Change:	Product Discontinuance for FS35/FS50 products
Last Time Buy Date:	22 Aug 2023
Last Ship Date:	22 Feb 2024
Contact information:	Contact your local onsemi Sales Office or Scott.Brow@onsemi.com
Type of notification:	Customers must notify onsemi (< PCN.Support@onsemi.com >) in writing within 90 days of receipt of this notification if they consider the discontinued product to be "Sole Source." onsemi and the customer may negotiate an appropriate End-of-Life.

Description and Purpose:

As previously disclosed to all customers, onsemi has sold its wafer FAB in South Portland, Maine. The product produced in this FAB will continue to be foundry business for the new owners, but ultimately all products must exit this FAB. As a result, there are products that are being transferred to an alternative supplier. However, there are products that onsemi will not transfer and therefore will be put on EOL.

onsemi wishes to promptly inform our customer of our intent to exit this portion of our portfolio so that you may plan appropriately and effectively for replacement devices. As we have been given limited time and capacity to support our foundry needs, it is imperative that customers provide lifetime buy orders for the products listed as soon as possible, while replacement devices are designed in.

onsemi has provided a list of replacement devices, where available, to aid in this process.

For those devices that have no recommended replacement identified, onsemi has partnered with Rochester Electronics and Flip Electronics who will carry any remaining device inventory to potentially allow for a continued source after onsemi has completed its business process.

PLEASE NOTE: onsemi may implement minimum order quantities or dollar amounts based on inventories available. Also, Devices on this Product Discontinuance become NCNR (Non-Cancelable, Non-Returnable).

For questions or concerns regarding this notification, please contact your local sales office or customer service representative.
