SIP 20LTR DEHUMIDIFIER

PORTABLE & MULTI-PURPOSE DEHUMIDIFIER UNIT

PRODUCT OVERVIEW

The **SIP 20ltr Dehumidifier** is a multi-purpose, portable dehumidifier unit designed to effectively remove excessive moisture from a variety of indoor spaces for greater air quality.

With 5 operating modes, the dehumidifier functions to manage humidity levels across various applications for year-round use. Dehumidifiers are essential in helping to provide improved air quality to indoor spaces.

FEATURES & BENEFITS

✓ FIVE OPERATING MODES

Five operating mode functions for superb flexibility and humidity control in indoor environments.

- **Target Humidity Mode** allows the percentage humidity level to be set, reducing moisture to improve air quality.
- **Air Clean Mode** ideal for removing travelling odours, the 2-speed fan can be adjusted for comfort to freshen air.
- **Auto Mode** this function sets the air humidity to equal the level in the room or space for improved air quality.
- **Dry Clothes Mode** for quick and effective drying applications, the dehumidifier can be optimally set to draw moisture from clothes and fabrics
- **Defrost Mode** perfect for colder-than-normal rooms and spaces, the auto-defrost setting can automatically engage to ensure a constant temperature can be maintained.

✓ WATER EXTRACTION CAPACITY

Maximum water extraction capability of 20ltr per day (24-hour period).

Supplied with 6.5ltr water collection tank with carry handle for quick disposal of collected liquid.

✓ AUTO SWITCH-OFF FUNCTION

An integrated float switch in the water collection tank triggers a beep to indicate the 6.5ltr tank is full. The dehumidifier automatically shuts down to prevent excess water being collected.

SIP 20LTR DEHUMIDIFIER

OTHER FEATURES

✓ TIMER SETTING

An integrated timer allows specific dehumidifying sessions to be easily set within a 24-hour period.

✓ AUTOMATIC HUMIDITY INDICATOR LEVEL

When the unit is powered, an automatic 3-colour (yellow (low), green (medium), red (high)) humidity scale indicates the current humidity level in the room or space.

✓ EASY-TO-USE CONTROL PANEL

An intuitive electronic control panel allows easy navigation through the different operating mode settings.

✓ OUTSTANDING MOBILITY

The wheel-mounted, slimline design allows the unit to be easily moved and positioned between locations for use.

✓ ADDITIONAL FUNCTIONALITY

An optional HEPA (Highly Efficient Particle Air) filter is sold separately.

Fitted with a quality compressor and eco-friendly R290 refrigerant.

APPLICATIONS & USES

Removes excessive air moisture from a variety of indoor spaces.

Ideal for home, office and commercial environments.

TECHNICAL INFORMATION

ITEM NO.	05648
Input Supply	230v (13A)
Input Current	1.48A
Input Power	320w
Dehumidifying Capacity	20ltr/day (30°C 80%) / 10ltr/day (27°C 60%)
Water Tank Capacity	6.5ltr
Max. Airflow	195mtr ³ /hr
Operating Pressure	Side; 12Mpa (Suction) / 2.5Mpa (Discharge)
Gas Type	R290 60g Refrigerant
Coverage Type	18mtr ²
Sound Pressure (LpA)	48dB(A)
Net Weight	15.00kg
Gross Weight	16.00kg
Product Dimensions	575(H) x 230(W) x 340mm(D)
Packaged Dimensions	650(H) x 389(W) x 280mm(D)
