

User Manual

Adjustable Torque Screwdriver

Part Number: DT000230

Care and Maintenance

1. The torque screwdriver is a precision instrument, and should be stored with care. Do not drop. Do not strike with a hammer.
2. The torque screwdriver is lubricated for life and should not be oiled.
3. The torque screwdriver is a precision measuring instrument. Calibration must be done regularly to ensure accuracy and is the responsibility of the owner. Suggested calibration period is at least every 12 months or even shorter depending of situation.
4. Always store the torque screwdriver in the box when not in use to protect from dirt and humidity.
5. This torque screwdriver should only be disassembled by a qualified person. Any incorrect action to disassemble the torque screwdriver may result in damage to this instrument.

Standard

We calibrate each torque screwdriver at the factory using torque standards according to DIN ISO 6789 & ASME B107.300-2010, and certifies it meets the accuracy requirements of specifications DIN ISO 6789 and ASME B107.300-2010.
