Tool bag for working at heights

Empty

Large

- Tool organiser: keeps tools and accessories protected and organised when working at heights
- 11 steel D-rings: 8 for attaching tethered tools and 3 to attach the bag to your climbing equipment – also suitable for left-handers
- Holds a variety of items: divided main compartment, document/tablet compartment (DIN A4/14") including pen holders and four side pockets
- Two external metal retaining clips for cordless power tools and 18 internal elastic loops
- Multifunctional lid: rolls away for easy access to tools and hook-and-loop patch for individual labelling
- Removable shoulder strap for comfortable transport (not to be used at heights)
- Strong synthetic fibres, dirt and splash-proof due to rubberised interior
- Plastic-reinforced base plate with five rubber feet
- To meet regulations while working at heights, for example industrial climbing, arborists, rescue services, at sea, etc.
- Volume of approx. 17 litres, outer dimensions HxWxD approx. 470 x 250 x 150 mm, weight when empty approx. 1600 g
- Independently certified safety: reliably loadable up to 15 kg
- No PPE (personal protective equipment): not suitable for personal safety!

General

Article No.	00 50 51 T LE
