

## SEMI LARGE CUFF BLOOD PRESSURE MONITOR - UA651SL

All the essential functions for blood pressure monitoring in a smart compact unit. With a 3-line display and one-touch operation, it retains the fundamental principle of designing easy-to-use monitors. UA-651SL is also equipped with world leading technologies: IHB and WHO classification indicators. In addition, the latex-free and metal-free SlimFit cuff will provide more comfortable measurement for sensitive skin.

- Latex-free and metal-free SlimFit semi-large cuff (23-37cm)
  - Irregular HeartBeat (IHB) indicator
  - WHO Blood pressure classification indicator
  - 30 record memory + average reading
