

07-Jun-2023

PCN #: P-23-024669

Subject : D369 Standard Panel and PCB Mounting Connectors

Description of Change : Replacement tooling and minor component geometry changes.

Reason : Product improvement. Use upgraded mould tooling already in use on other 369 products to expand capacity and improve the performance of the connector. The opportunity was taken to introduce minor component geometry changes to improve component strength. Dimensional changes have no impact on intermateability of connectors or accessories, i.e. they are backwards compatible. The outer envelope dimensions of the connector remain unchanged.

Key Dates :

The dates on the product change notification (PCN) are best estimate dates determined at the time of issuance. Actual implementation dates may vary from such dates.

The change described in the PCN can be withdrawn, without notice, for any or all of the products identified on the PCN.

TE Connectivity corporate policy is for PCNs to be valid for 60 days and obsolescence notices to be valid for 180 days after date of issue.

For confirmation or additional information on the change, please contact the TE Connectivity Product Information Center at 800-522-6752 or your TE Connectivity Sales Representative.

Alert document created by IHS Markit based on content provided by TE Connectivity.
