00 50 12 T BKA

00 50 13 T BKA

ANSI/ISEA 121-2018 Compliant

## 00 50 12 T BKA – Tool Walk-Around

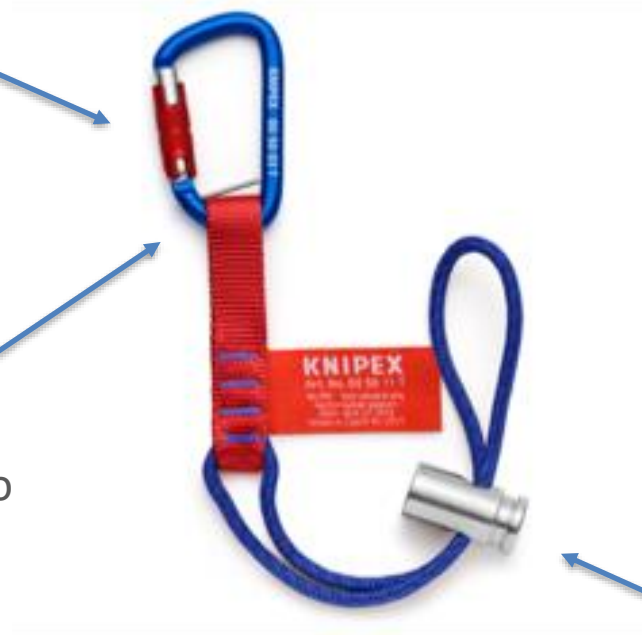

ANSI/ISEA 121-2018 Compliant

## 00 50 13 T BKA – Tool Walk-Around

**Self-locking gate –**  
prevents gate from  
opening unintentionally

**Captive eye –**  
Keeps lanyard secured to  
carabiner, no accidental  
detachment

### Warnings:

- Not a PPE device – will NOT support human weight
- Inspect for wear before each use
- Always check instructions for correct use and attachment
- Requires 00 50 06 T BKA adapter strap for connecting to KNIPEX Tethered tools
- For tools up to 13 lbs.

**Cord lock-** cinches  
against tool tether  
attachment point to  
keep the tool secure

ANSI/ISEA 121-2018 Compliant

## Key Features and Benefits

**13 lb. tether** – designed for heavier tools such as power tools

**Abridged connection** – abridged connection to store tool when not in use

**Captive eye and self-locking gate carabiner** – prevents gate from opening unintentionally and disconnecting from the lanyard
