TE Connectivity

Product Change Notification: P-23-024888

PCN Date: 28-JUL-23

Customer: Avnet EMG (429291) Location: North Reading Agreement: Agreement Unknown

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:	
Multigig Scalable Interconnect	

Description of Changes

Manufacturing location change. In addition to PCN# P-23-024570 and PCN# P-23-024715, TE Connectivity (TE) is validating another source and machining process. This is an additional facility and additional machining process for added capacities only, no part change. This change notification applies to the Housing, Guide Module / Standoff, Right Angle, used in the following part numbers. This change will not affect form, fit, or function in any way.

Reason for Changes:

Dear Customer, we hereby inform you about the additional facility and machining process for added machining capacities. The additional location and machining process follows a strict procedure, which fully maintains quality, ability to supply and form-fit-function of the concerned products. The new manufacturing location and machining process is under a certified quality management system according to industry standard requirements. An internal evaluation and first article based on our specifications will be executed before any parts will be delivered.
