

10-Aug-2023

**PCN #:** P-23-024954

**Subject :** PIN DIA 8.0, CONTACT

**Description of Change :** This Product Change Notification (PCN) is to inform about capacity enhancement for production of pin and cap assembly equipment in accordance with VDA Trigger matrix No 13. The manufacturing location remains unchanged. The change has no impact to form-fit-function.

List of affected PNs is provided as attachment to this PCN. TE Change process follows a strict procedure, which fully maintains quality and ability to supply. Internal release process is ensured by TE, including product validation.

Please provide your statement to this PCN within 2 weeks after receiving of it.

PPAP will be prepared (as per agreements between the two parties, including the negotiated TE trigger matrix), a request via ePPAP (via [www.te.com](http://www.te.com) or request to TE Sales representative) needs to be initiated by Customer within 2 weeks after receiving of this PCN. In case no request is obtained till above mentioned date, PPAP will be considered as approved and the change is considered as fully released.

**Reason :** Customer Request.As a result of a thorough analysis of demand picture matching our customer needs, we are going to optimize production capacity for affected PNs.
