

Product Advisory (PA)

Subject: Change of the standard outer label of Renesas Electronics

Publication Date: September 1, 2023

Effective Date: Refer to Appendix A to D

Revision Description:

Initial Release

Description of Change:

Renesas Electronics will update and streamline the standard outer labels in shipments for all products in conjunction with our systems integration plan.

Kindly refer to Appendix A to D for comparison on the current and new standard labels.

There is no change in barcode specifications (EAN-128 (GS1-128)) and saved data.

Affected Product List:

All products, including legacy Intersil, IDT, Dialog and Renesas except custom-labeled products.

Reason for Change:

To integrate company-wide outer labels through the integration of SCM systems, including logistic systems.

Impact on Fit, Form, Function, Quality & Reliability:

This change will have no impact on the form, fit, function, quality, reliability and environmental compliance of the devices.

Qualification Status: Not applicable

Sample Availability Date: Not applicable

Device Material Declaration: Not applicable

Note:

The effective date of Renesas Standard Interior Label will change to align with the Renesas Standard Outer Label as shown below.

Customers have been notified on the interior label change through PA220009, which was issued on December 1, 2022.

	Change From	Change To
Legacy INTERSIL, IDT, DIALOG	August 1, 2023	2nd quarter in 2024 (from April to June)
Legacy RENESAS	April 1, 2024	4th quarter in 2024 (from October to December)

Questions or requests pertaining to this change notice, including additional data, must be sent to Renesas within 30 days of the publication date.

APPENDIX A: REN-Power (LEGACY INTERSIL) PRODUCTS

Effective Date: 2nd quarter in 2024 (from April to June)
