

Honeywell Announces Obsolescence of Selected SKUs

Honeywell is announcing a last-time buy opportunity in relation to 53 Zephyr Airflow part numbers. This announcement relates only to the part numbers specified below, and represents a full discontinuation of the Zephyr Airflow product line.

Honeywell has been informed by the custom ASIC supplier for this line that they will stop manufacturing this component. The Last Time Buy date for Honeywell to place orders for these custom ASICs with its supplier is September 30, 2023. Honeywell has accordingly decided to discontinue all impacted products, which include the Zephyr Airflow product line.

This notification is being provided to give you an opportunity to order such products one final time. All orders will be considered non-cancellable, since Honeywell will be placing orders for ASICs based on the orders it receives from its customers. The List Price for each of these products for this last-time buy will be 50% higher than prices for these products have been previously, to reflect the increase in Honeywell's cost to obtain the ASIC from our supplier in this situation. For customers with contract pricing, price increases will be communicated individually by your Honeywell representative. For customers with special requirements, we can help you evaluate alternatives in our portfolio that may suit your needs.

The last day to place last-time buy orders for the below-listed parts will be September 15, 2023. Orders beyond this date may not be accepted. All product orders must be requested for delivery by June 30, 2026 or sooner. Due to the extended delivery window, Honeywell reserves the right to increase prices over the duration of the delivery window twice a year to reflect reasonable inflationary impacts to material and process costs.

Due to a fixed amount of remaining capacity, fulfillment of last-time buy orders will be limited and subject to cancellation at any time. It is recommended that orders be placed promptly to improve the likelihood of fulfillment. Please refer to the Timeline of Events shown below for more details.

AFFECTED PART NUMBERS

The affected part numbers are listed in the Appendix attached hereto.

TIMELINE OF EVENTS

The following timeline pertains to all affected SKUs. These dates are subject to change based on availability.

Action	Description	Date
Last-Time Buy (LTB)	Deadline for Last Time Buy orders	Now to September 15, 2023
Last Ship Date for LTB Orders	All orders must be placed with requested delivery dates within this window. Orders with different delivery dates will need to be placed separately. Depending upon factory loading, Honeywell may contact customers to recommend alternate delivery dates.	Now to June 30, 2026

- China: Henrik Lin, Sr Offering Mgmt Specialist, Henrik.Lin@Honeywell.com
- MERTA: Senturk Timucin, Sales Director, timucin.senturk@honeywell.com
- India: Paul Atul, Sr. Customer Marketing Manager, atul.paul@Honeywell.com

• Application engineering:

- Global: Martin Murray, Application Engineer, martin.murray@honeywell.com

WARRANTY/REMEDY

Subject to the following conditions, Honeywell warrants goods of its manufacture as being free of defective materials and faulty workmanship during the applicable warranty period. Honeywell's standard product warranty applies unless agreed to otherwise by Honeywell in writing; please refer to your order acknowledgement or consult your local sales office for specific warranty details. If warranted goods are returned to Honeywell during the period of coverage, Honeywell will repair or replace, at its option, without charge those items that Honeywell, in its sole discretion, finds defective. **Notwithstanding the foregoing, in the event of a product end-of-life or obsolescence, or inability of Honeywell to manufacture or source materials or component parts for a product, for whatever reason, and/or any associated last-time buy in relation to a product (an "Obsolescence"), Honeywell shall engage in commercially reasonable efforts to repair or replace products in accordance with the terms of its standard warranty, but in no event shall it be liable if it is unable to do so due to the Obsolescence. The foregoing is buyer's sole remedy and is in lieu of all other warranties, expressed or implied, including those of merchantability and fitness for a particular purpose. In no event shall Honeywell be liable for consequential, special, or indirect damages.**
