CUBA Active Full-Range PA Cabinets with DSP + Bluetooth®

Premium full-range active speaker cabinets with minimalist texture coated MDF enclosure and powder-coated steel grille. Integral high-efficiency class-D amplifier sections are controlled by a 5-preset DSP which controls high detail and can extend the response down to sub-frequencies for an uncompromising full-range output. A switchable Mic/line input and a line input have XLR or jack input and the line input also has RCA option and a Bluetooth receiver for wireless playback from a smart phone. Each cabinet has 2 side handles and a 35mm pole-mount socket for stand mounting. The rear of the cabinet has 2 different bevels for angled placement at ground level or for suspended arraying, multiple M8 flying points are inset on each cabinet. Designed to provide clean, high-energy output across the full audio spectrum for all sound reinforcement applications.
