## Description

The USB-C 4-port USB 3.0 Hub is the easiest way to expand the capabilities of a computer with a single USB-C port, such as the new Apple MacBook and the Google Chrome book. This adapter provides four high powered USB 3.0 Type-A ports, each capable of 5 Gbps data speeds for connecting high speed external peripherals. This is a true Plug & Play device, with no drivers, software installs, or configuration required for use with Windows and Mac OS computers.
