

# 6 & 12 Volt Low Voltage Circuit Tester

Since our beginning, GEARWRENCH automotive specialty tools have been driven by innovation. From our first specialty tool, the Model-T valve spring lifter, to our latest ratcheting puller, we've built our reputation with tools that make tough jobs easy. Most of our products have been upgraded with new improved features like dual material handles designed for a more comfortable grip or dual dipped handles on pliers providing more cushion for your hands. GEARWRENCH automotive specialty tools are proudly made with the finest components under the most stringent manufacturing guidelines. Made for everyday use – guaranteed for life. Better tools mean easier, more efficient work so we constantly evaluate automotive engineering trends allowing us to consistently improve and enhance our tools to better fit professional hands. That's why they are the first choice for thousands of automotive technicians worldwide.

## FEATURES

- Tests voltage in 6 and 12V systems by grounding the clip and touching the probe to the point being tested
- Tester bulb will light if power is present
- 4-1/2 foot lead length

## SPECIFICATIONS

SKU: 129D

Prop 65: WARNING: This product contains or produces a chemical known to the State of California to cause cancer and birth defects or other reproductive harm.

Packaging: Carded

Weight (Catalog): 0.43

Warranty: Full Lifetime

Color: Red

Handle Material: Plastic

Magnetic: No

UPC: 082171001291

Material: Steel
