- A remote control that learns: with learning mode, you can transfer the functions of the original remote control very easily to the universal remote control, ensuring you keep everything that's important to you
- Smart buttons for fast access: 1 Stream button to select the app menu, enabling you to access streaming services and so on faster
- Self-illuminating buttons: the number pad and main buttons are luminescent, making operation of the remote control child's play, even in darkened rooms, without you having to switch the light on
- Easy mode function: the range of functions on this remote control can be restricted, preventing the TV settings from being accidentally modified. Ideal for hotels or the elderly, for example
- Immediately ready for use: replacement remote control with pre-set code for most LG TVs
- Codes adjustable for less common models
- Manufacturer-specific special keys
- Ergonomic main buttons for the easy control of volume and programme selection
- Function memory: permanently saves all functions from the taught buttons on the TV universal remote control while the battery is being changed
- With the wide range of 10 metres, you can control the TV conveniently even in large living rooms
- Function LED indicates whether the remote control is sending a signal
- Energy saving function: the universal remote control switches itself off automatically if a button is pressed for longer than 15 seconds, prolonging the life of the batteries if the remote control gets stuck between sofa cushions, for example, and a button remains constantly pressed
- 52 buttons
