PCN #: PCN-24-196817

Subject : Part and Drawing revision level match

Description of Change : Dear valued customer,

In an effort to maintain same revision level of parts across entire documentation and to avoid conflicts between revision in shipping labels to drawings, we are aligning Product drawing revision & Central Part Registry revision level.

Also we use this opportunity to fix rounding and conversion errors (from inch to mm / mm to inch) to avoid mismatch between Product drawing and shipping labels. This change is for administrative purpose only and there is no change in Form, Fit and Functions of the product.

This change will be processed with PPAP level 1 / First Article Inspection (FAI). If you need PPAP document, then apply for e-PPAP.

Existing inventory to be consumed in First In First Out (FIFO) basis. (There is a cooling period of 180 days upto which part with old labels can be shipped)

We thank you for your business and look forward to servicing you through our standard part offerings in the future.

Reason : Update made to improve document clarity

Key Dates :

The dates on the product change notification (PCN) are best estimate dates determined at the time of issuance. Actual implementation dates may vary from such dates.

The change described in the PCN can be withdrawn, without notice, for any or all of the products identified on the PCN.

TE Connectivity corporate policy is for PCNs to be valid for 60 days and obsolescence notices to be valid for 180 days after date of issue.

For confirmation or additional information on the change, please contact the TE Connectivity Product Information Center at 800-522-6752 or your TE Connectivity Sales Representative.

Alert document created by IHS Markit based on content provided by TE Connectivity.
