

**RoHS  
Compliant**

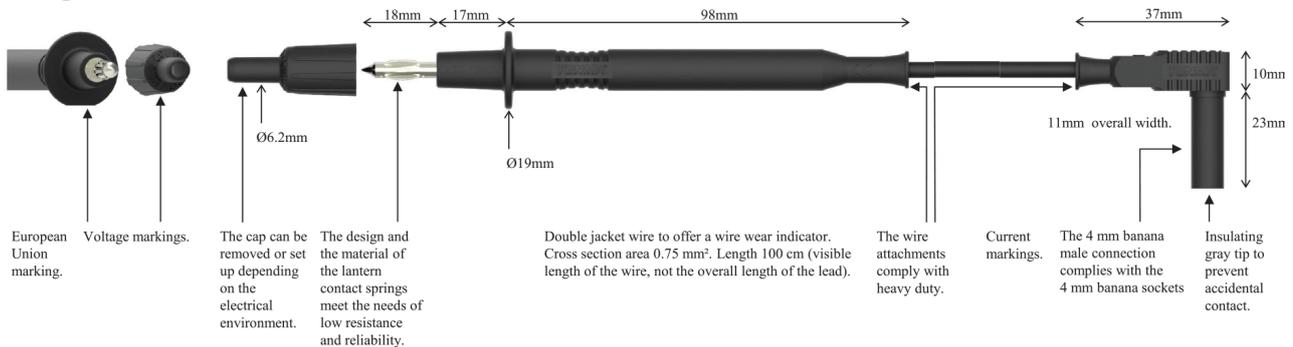

## Description

These products are 4mm banana tip probe to right angle 4mm male banana plug lead. It is used to get safe probes or pincer clips from a DMM (Digital MultiMeter) with 4mm banana sockets on the front face. It has electrical safety according to EN / IEC 61010-031:2008 :1000V CAT II/1000V CAT III/600V CAT IV if the cap is set-up, reinforced insulation, up to 36A (at +40°C) depending on the wire. The cap can be removed or set-up depending on the electrical environment. The design and the material of lantern contact springs meet the need of low resistance and reliability. It also has double jacket wire to offer a wire wear indicator. The lead features insulating grey tips on the 4mm banana male connections to prevent accidental contact.

## Specifications

Test Connector Type A : Test Tip Probe  
 Test Connector Type B : 4mm Right Angle Banana Plug, Shrouded  
 Current Rating : 36A  
 Voltage Rating : 1kV  
 Operating Temperature : -20°C to +80°C  
 Overall Length : 1 meter
