

Yale

Floodlight Camera

YFL01-BLK

Floodlight Camera

The NEW Floodlight Camera is Yale's latest addition to the camera range, aimed at keeping your home, garden and outside spaces safe.

Our brightest security light to date, this 2,000 lumen floodlight is perfect for keeping your outside spaces lit when needed. Combined with a 1080FHD camera to record and keep watch and an in-built 110dB siren, the Floodlight Camera is the perfect solution to keeping your home protected and any unwelcome visitors are kept at bay!

Installation. We strongly suggest a licensed electrician for installation.

Full in-app control. Control and view remotely through the app.

Enhanced encryption. The latest technology to make sure your home stays secure and protected.

Mains power. Powered by 240V.

Two way talk. Communicate with family and pets easily.

Live viewing. See what's going on in real-time.

App notifications. Receive real time notifications and alerts.

1080P FHD Video. See more than 720P.

Micro SD Card Slot. Supports up to 256GB local storage.

IP65. Weatherproof for outdoor conditions.

Multiple Lighting modes. Manual, dusk to dawn and motion-activated.

Loud siren. External Siren 110dB that acts a deterrent.

Trusted every day
