

The Yale logo is a yellow circle with the word "Yale" in black, bold, sans-serif font.

# Electronic Guest Safes

**Yale Electronic Guest Safes give visitors personal security and peace of mind when staying at your home, hotel or rental property.**

Guest access is through an easy to set three to six digit PIN code. You can also set a mastercode, so you have access in case of a forgotten PIN.

These safes feature external batteries, so the staff or guests can easily replace them when they run low with no need to unlock the safe.

## A basic security level suitable for:

Passports

Smart Devices

Laptop

- Electronic lock with handle for easy opening
- 3 to 8 digit PIN code access
- Master code option to use in case of forgotten PIN
- Automatic lockdown for three minutes after four incorrect PIN attempts
- Easy one-touch PIN reset button inside the safe
- Locking mechanism: Anti-bump solenoid (prevents 'bump opening')
- Mechanical override - two radial keys supplied to open the safe in case of a forgotten PIN

**Trusted every day**
