From: Littelfuse Product Management

Subject: Manufacturing location change for holders and fuses made in Piedras Negras

With regards to the above reference, Littelfuse would like to inform you that we would relocate the manufacturing factory for holders and fuses which are currently made in Piedras Negras, Mexico to a new location in Piedras Negras, Coahuila Mexico. This change is to execute Littelfuse business growth strategy.

This facility will be relocated within the same city as our current factory; around 5Km away from current location.

The address for the current location is:

Libramiento Venustiano Carranza 2501 Col. Lomas de la Villa
26090 PIEDRAS NEGRAS
Coahuila
MEXICO

The address for the new location will be:

Parque Industrial Piedras Negras
Avenida Industrial y Libramiento Manuel Pere Treviño
Interior #19
Piedras Negras, Coahuila, México
Zip Code 26070

The relocation will not impact form, fit or function of the products; neither product nor process will be changed, our operators and equipment will be the same and suppliers will be maintained. The validation test report will be available in early Apr.

There are no changes to the part numbers.

Part numbers affected are shown on the next pages.

The production line transfer will take place from Mar.4th, 2024, and the production will be resumed by Apr.8th, 2024. Littelfuse has built a safety stock to ensure a smooth transition from one plant to another, the supply for the holders and fuses will not be affected during the transition period.

Please let us know should you have further queries.

Best Regards;

Style Liu
