TE Connectivity

Product Change Notification: P-24-027031

PCN Date: 13-OCT-24

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:

Suzhou plant Terminals change outer carton

Description of Changes

The Suzhou factory in China will replace the following series of part numbers' outer carton. Compared with the old version of the outer box, the size of the new outer box are consistent with the original outer box, only the material and model of the outer box are changed, which does not affect the product itself. Meanwhile, the new carton has passed the drop test of TE, which is in line with the product packaging specifications of TE, it can ensure product safety. Detail P/Ns can refer to attachment.

Other attachments:

[Part number list](#)

Reason for Changes:

Customer Request. Dear customer, we hereby inform you that the part number in the following attachment will be changed to a new outer box. The size of the new outer box is the same as the old one, only the material and model are changed. At the same time, the new carton has passed TE's drop test and conforms to TE's product packaging specifications to ensure the safety of terminals in the carton. This change does not involve the change of the product itself, but only changes the outer packaging box of the product, which does not affect the product.
