

29-Nov-2024

**PCN #:** PCN-24-228001

**Subject :** All LMH type PNs in the OJ Relay series.

**Description of Change :** Governed by the RoHS (Restriction of Hazardous Substances) & REACH (Registration, Evaluation, Authorization and Restriction of Chemicals) regulations directive by the European Union.

The LMH type versions of OJ relays can be replaced by the LMH2 type versions, which has cadmium-free contacts, which is a more sustainable option.

We at TE are at the fore front for sustainability, and hence implementing the changes as per the direction.

This change does not lead to any discontinuance or obsolescence of the LMH type OJ relay.

This notification is only for awareness globally to all customers across regions, but with effect only for EU region, there is no EOL or LTB announced.

Please be aware that TE only verifies the loads on the datasheet. To be on the safe side, please evaluate your own application. If you need TE support, please contact your local sales.

**Reason for Change:** Only EU and exports in EU are affected by the RoHS/REACH regulation changes, hence the Products containing cadmium contacts will not be allowed to be sold in the EU from 2025, to reduce the health and environmental risks associated with its use.

**Key Dates :**

**Contact By Date:**31-Dec-2024

**Implementation Date:**31-Dec-2024

The dates on the product change notification (PCN) are best estimate dates determined at the time of issuance. Actual implementation dates may vary from such dates.

The change described in the PCN can be withdrawn, without notice, for any or all of the products identified on the PCN.

TE Connectivity corporate policy is for PCNs to be valid for 60 days and obsolescence notices to be valid for 180 days after date of issue.

For confirmation or additional information on the change, please contact the TE Connectivity Product Information Center at 800-522-6752 or your TE Connectivity Sales Representative.
