

Brush module for Euro faceplates

Aperture brush modules for Euro faceplates XBR(wh/bk) XBR(wh/bk)G2

TUK's brush modules easily convert standard Euro faceplates into popular brush faceplates, providing a tidy exit for cables exiting a wall or trunking. They simply snap-in to single gang (86x86mm) or twin gang (86x146mm) faceplates and are available in white or black.

Features:

- Suitable for installers or faceplate manufacturers
- Snap easily into place
- Suitable for 50x50mm or 50x100mm openings in Euro single gang (86x86mm) or twin gang (86x146mm) faceplates
- Available in individual poly bags or in bulk packs of 50.

Specifications:

- Net weight (including primary packaging): XBRwh/bk - 10g, XBRwh/bkG2 - 18g
- Dimensions (including primary packaging): XBRwh/bk 55x55x13mm, XBRwh/bkG2 55x105x13mm
- Colour: Black or White
