## 24 port 0.5U unpopulated FTP or UTP keystone panel:

24 port 0.5U unpopulated FTP or UTP keystone panel (FFK24mt0.5pt):

This 0.5U empty panel is ideal for high density mounting of 24 shielded or unshielded keystones. Accommodates wide range of keystones up to 18mm wide. Black fronted panel designed to match standard cabinet equipment.

Features:

- Suitable for keystones up to **18mm** wide

- 0.5U construction enables double the space efficiency of standard panels

- Robust and high-quality construction

- Black face matches standard equipment but still suitable for both UTP and FTP

- Removable rear cable management bar can be easily snapped into place without the need for any tools or fixings.

- Available as pre-assembled or in flat pack version (FFK24mt0.5ptfp). Flat pack can be assembled in less than 3 minutes and takes less space on shelves, in vans and in kit bags.

- Panel includes: 2 sets of M6 black cage nuts and 25cm earth wire with fixing parts

Specifications:

- Net weight (including primary packaging):
  FFK24mt0.5pt: 488g   FFK24mt0.5ptfp: 440g

- Dimensions (including primary packaging)
  FFK24mt0.5pt: 500 x 66 x 30mm   FFK24mt0.5ptfp: 510 x 50 x 40mm

- Colour: black front with silver rear

- Materials: Cold-rolled steel sheet, 1.5mm thickness
  Front cover: ABS plastic

   This panel is not suitable for use with TUK keystones SGKSsu+, SKmcbk/wh and SGKctbk/wh
