### Description and Purpose:

The purpose of this notification is to inform customers about our accelerated exit from HANA. HANA has communicated that the ETS800 platform will be phased out.

It has become necessary to tighten our understanding of customer lifetime needs and request that you pursue order placement for the affected product as early as possible before the last Time Buy Date referenced in this notice.

onsemi has provided a list of replacement devices, where available, to aid in this process.

For those devices that have no recommended replacement identified, onsemi has partnered with Rochester Electronics and Flip Electronics who will carry any remaining device inventory to potentially allow for a continued source after onsemi has completed its business process.

PLEASE NOTE: onsemi may implement minimum order quantities or dollar amounts based on inventories available. Also, Devices on this Product Discontinuance become NCNR (Non-Cancelable, Non-Returnable).

For questions or concerns regarding this notification, please contact your local sales office or customer service representative.
