ESTRO BASS 12P

12" Bass-Reflex Professional Passive Subwoofer

ESTRO BASS 12P is a passive, bass-reflex subwoofer that is compact, lightweight and very easy to use. It is ideal for both fixed installations and for live music events or general PA. ESTRO BASS 12P has a program power of 1000W with 12” professional custom woofer. This model has a sturdy, lightweight and stylish plywood housing with metal grille and acoustic foam to protect the transducers inside and give an attractive appearance. Finally, It has 2 recessed handles (1 on each side) and a standard M20 mounting hole to allow any type of installation with SUBST100-BK or SUBST100-M20 poles.
