

Monoblock Air Conditioning System

Model: KFR-28MB/LUX

The KFR-28MB/LUX is a Monoblock through-the-wall air conditioning system designed for efficient climate control without the need for an external unit. Its sleek, self-contained design makes it ideal for homes, offices, and commercial spaces where traditional split systems are impractical. This unit delivers reliable cooling and heating performance while maintaining a compact and stylish appearance.

Engineered for convenience, the KFR-28MB/LUX does not require an FGAS engineer for installation. The system includes a sealing strip to enhance insulation, reducing energy loss and maximizing efficiency. With easy-to-use controls and a commitment to environmental responsibility, this air conditioner offers a sustainable and effective solution for year-round comfort.

Features

- Monoblock Design
- Cooling & Heating
- Wall-Mounted Installation
- Energy Efficient
- Sealing Strip for Insulation
- User-Friendly Controls
- Quiet Operation
- DIY Installation
- Environmentally Responsible

Specifications

Model Number		KFR-28MB/LUX
Cooling Capacity	BTU/H	10000
	W	2930
Rated Input for Cooling	W	1120
Rated Current for Cooling	A	5.0
Frequency	50Hz	SUPER INVERTER
EER for Cooling	Btu/W.h	8.9
	W/W	2.6
EER Class for Cooling		A
Moisture Removal	L/h	1.0
Heating Capacity	BTU/H	9000
	W	2630
Rated Input for Heating	W	730
Rated Current for Heating	A	3.3
COP for Heating	Btu/W.h	12.3
	W/W	3.6
COP Class for Heating		A+
Air Circulation	m³/H	520
Noise in Cooling High Fan Speed (Sound Pressure)	dB(A)	47
Noise in Silent Mode (Sound Pressure)	dB(A)	39
Body Size	W x H x D (mm)	1000 x 585 x 205
Package Size	W x H x D (mm)	1120 x 665 x 335
NW/GW	(kg)	43/50
Application Area	m2	20-25

No Outside Unit Required
